

Thursday, February 15th

5:30 pm – 7:30 pm

Mount Auburn Hospital

invites you to a

COMMUNITY FORUM

Whittemore Robbins House

670R Massachusetts Avenue
Arlington, MA 02476
(*Behind Robbins Library*)

Public Transportation: 67, 77 and 79 Bus

Mount Auburn Hospital is updating their Community Health Assessment and Health Improvement Plan – a plan that will make recommendations to improve the programs and services that improve community health. We want to hear from people who can speak about their experience as a community member, patient, or service provider.

Discussion topics include:

- What are the biggest health concerns in your community?
- What do you consider the most pressing needs in your community?
- How does access to good jobs, healthy food, and safe & affordable housing impact your health?
- What are important health resources in your community?
